Features

【Built-in Recording】

Supports up to 1TB Micro SD card with lockable slot for data protection. Enables loop and alarm-triggered recording for uninterrupted storage.

【Wide Compatibility】

Works with CVBS, TVI, AHD, CVI, and IPC cameras, suitable for various vehicle monitoring systems.

【Multiple PIP Modes】

Adjustable window position and size to meet different application scenarios.

【IP66 Waterproof】

Works under all weather conditions, even in rain and snow.

【Failure Diagnosis & Image Anomaly Detection】

Automatically performs display system failure diagnostics and warnings during operation. Supports detection and alerts for image anomalies such as freezing, blurring, and obstruction, enhancing overall system safety.

【IPS Screen】

Pixel 1024x600, high contrast, high brightness, authentic colours, so you can get clearer, sharper and more detailed pictures.

【User-Friendly Operation】

Supports touch, buttons, and remote control for easy use.

【Expandable Interfaces】

Supports CVBS output, network streaming, and CANBUS/RS485/RS232 available (optional).
